Ten Cents

Inflation is Gov't Ripoff

No matter how your lawmakers attempt to confuse you by making the solution to the inflationary problem complicated, your good logic will tell you that inflation is a governmental ripoff.

Lawmakers can be likened to the once famed comic strip character "Pogo" who once announced, "We has met the enemy and they is us!"

Its cause is simple and can be easily seen by examining political rhetoric and seeing the starting point. Here's how.

This firm operates a printing business as well as publishing newspapers. One of the more active items recently has been re-printing menus with higher food prices on them. Since everyone eats, it comes as no surprise that food prices, at home or in restaurants, has risen.

In October, a new higher minimum wage rate becomes effective. It was ordered by the state. It makes the minimum rate \$2.50 an hour, an increase of 25 per cent.

Menu printing activity is a direct result. Many restaurants are increasing prices six to ten per cent to accommodate the increase.

There you have it. A strong inflationary pressure created directly by a government action. It makes no sense at all when government tells us we must tighten our belts to bring inflation to a liveable level. It is our lawmakers who must learn the disciplines that many of us already suffer.

Lawmakers have varied reasons for upping the minimum wage. But they are deliberately not telling the whole story.

They point to the poorest and the neediest. That produces sympathy among the electorate. It helps them to retain their office.

But look at hard facts.

Higher restaurant food costs is only the fringe effect. Certainly, it affects everyone who dines out. But what about employees? As people are forced to eat in restaurant less, more people will be laid off. That's the inflation-unemployment cycle.

Many firms have been hiring disadvantaged and newcomers to the labor market to help reduce unemployment. Inexperienced youngsters will now find it more difficult to get a job. Some who are already in part-time employ will find their hours cut.

Most wage earners would prefer a degree of security with stable prices and wages — a situation few lawmakers seriously consider.

Testimony to the sorry state of inflation-unemployment is that at least two adults in a family now work to sustain itself — and in some cases it takes three.

Home payments, car payments, interest rates, medical care, and not the least, taxes, have greased the passage way of higher wages through the hands of the wage-earner. In many instances, it doesn't touch the wage-earner's hands at all.

Wage earners didn't create the mess. Lawmakers are the culprits.

Free Vision Tests Saturday For Youngsters 6-10 Years

A free vision screen service for Lemon Grove and Spring Valley children 6-10 will be conducted Saturday at the offices of S.G.S. Realty Co., 8100 Broadway near St. John of the Cross church.

The screening, which measures eyesight capacity and

trists, the screening is a very broad test and does not take the place of a complete optometric examination. Children needing a complete professional evaluation often reveal the following signs or symptoms: They reverse and confuse letters and words, lose their place often when reading, need a marker to keep their place, hold their head close to the book or paper, read slowly, write poorly, show unusual clumsiness, have a short attention span, daydream and avoid close tasks.

A specialist in vision training recently reported results of a study on vision and learning dysfunctions, where although very few underachieving children actually demonstrated sight or seeing problems, nevertheless, 96 per cent failed tests of eye mobility and focusing accuracy. More than three out of four failed tests of visual perception, but follow-up treatment programs showed significant improvements.

Optometrists are contributing their time as members of the S.D. County Optometric Society.

Loses Her Typewriter

Carol Ann Hanson, secretary for C&H Equipment Rental, 9053 Olive st., Lemon Grove, reported to the sheriff's Lemon Grove office on September 9 that a thief had taken her electric typewriter while the firm was closed the night before. The loss, she says, is \$250.

Transmission is Loot

Philip Jóna Nicholas, who operates A to Z Towing Service at 7321 North ave., in Lemon Grove, returned from his vacation, to discover that his place of business had been entered during his absence.

The thief took a Munsey 4-speed transmission valued at \$200, he told sheriff's deputies on September 6.

Plans Jell For Grove's Biggest Outdoors Garage Sale Oct. 2-3

Members of the Lemon Grove Chamber of Commerce "Outdoor Garage Sale" committee started assigning duties to its members at Thursday's meeting.

The two day affair — Saturday and Sunday October 2 and 3, 8-5 p.m. is expected to draw several thousand people and produce as much as \$1,000. The income will be used to make up a financial delinquency being suffered by the Chamber.

The Lemon Grove Chamber of Commerce Outdoor Garage Sale will be conducted on the parking lot on the north side of Southland Music Center on Imperial at Lester — one block north of Broadway.

The property is owned by the Southland Music operators Jim Hansen and Tommy Stark who are scheduled to supply organ music piped to the proceedings.

Horse Show Losses

The CoC deficit sprang from a horse show — itself designed to be a money raiser that didn't jell. It was to support the annual Old Time Days parade, Lemon Grove's biggest community celebration. The horse show was expected to provide \$1,500 profit but produced a loss of \$1,000. A carnival sponsored by the CoC later, absorbed some of the loss but the deficit stands today at about \$600.

Saleable items are already beginning to come in. These will be warehoused in a building near the CoC office owned by John Casteel. Large items will be picked up but easily carried items such as clothes, tools, toys and clothing should be brought to the CoC office at 3415 Imperial ave. near Broadway. Delivery coordination is being handled by Chamber manager Glenda Jackson. She can be reached 9-2 at 469-9621.

Signs Go Up

Signs will be put up at various parts of the area including a sign on the Outdoors Garage Sale property. Craig Lake is in charge of signs and roping off the sales area.

Emerson Morris will supply clothing racks and help organize pick up and delivery service. He will also provide a cold soft drink box for the use of shoppers.

Brenda Coberly will supply a truck for heavy pickups and

Serial Numbers Aid Search for \$2 Bills

Derick Robert Taylor, a teenage newspaperboy, of 2245 Doubletree Ln., Spring Valley, had left 7 hard-earned 2-dollar bills on his stereo set in his room. Someone entered during his absence and took them.

The scarce bills had been collected by his father in various parts of the country and Derick memorized part of the serial numbers so as to be able to recall what state they had been acquired.

Sheriff's deputies checked out a nearby convenience market and the manager, checking the store's receipts found two bills that had the same numerals that had been on the lost bills.

A clerk in the store had pretty good recall, too. The clerk was able to give police a partial description of the bill passer.

Woman Loses \$4,400

It was an expensive shopping trip for Marion Virgia Paquin.

Paquin, who lives at 8106 Imperial ave., Lemon Grove, told sheriff's deputies on September 7, shortly after noon, that she lost her purse while shopping at Broadway near Kempf street in Lemon Grove.

In addition to ID cards and personal papers, the purse contained \$1,000 in \$100 bills; a Social Security check for \$265; a Veterans Administration check for \$695 and two diamond rings.

The total loss, she reported, amounted to \$4,400.

will aid Glenda Jackson in price labeling sales merchandise.

Leonard Klein will contact the various service clubs in the community urging them to supply items to sell. Board members of the CoC will be asked to bring a bag of items to the regular board meeting to be held September 23 at Scandia Smorgasbord.

School Kids to Help

The main promotional effort will be notices sent home by youngsters of the Lemon Grove School District. Parents will be asked to bring or send garage-sale type items to the school their youngster attends on a certain Friday as indicated in the notice. Different schools will have different Fridays. A CoC member's truck will be parked at the school to transport the items to the CoC warehouse.

Both Morris and Lake will place signs about town as the event date nears. Coberly said that helium filled balloons advertising the event would be flown near the sale area later in the month.

Traveling Ads

Lake has arranged for custom cars to be decked with placards and driven through the community as the garage sale date nears.

An area CB radio group, in conjunction with the sheriff's office has volunteered security service, Lake said.

Jackson said that all the work and material (except the school circulars) is being supplied without cost.

Whatever comes in will reduce the CoC deficit by that amount, she said.

LG GARAGE SALE — Craig Lake and Brenda Coberly post notice of the Lemon Grove Chamber of Commerce rummage sale to be held in October on the parking lot adjacent to Southland Music Center, 3459 Imperial ave., Lemon Grove. Members are collecting rummage donations for the sale which will help recoup the net loss for Old Time Days activities this year.

Rancho San Diego to Host National Bike Races Sunday

Rancho San Diego is the site for the Third Annual California State Bicycle Moto Cross Championship on Sunday.

Four-foot trophies will be awarded to winners in the sport which has developed a wide following in the planned

community growing east of Spring Valley.

The Rancho San Diego BMX Club is hosting the races on their track off Jamacha rd., one half mile west of Cottonwood Golf Course.

Rancho SD BMX has held regular races for children through age 17 on its dirt oval, but recently halted races to prepare the track for the Nationals.

Entry for the nonmotor bike races is open at \$4 for National Bike Assn. members, \$5 for non-members.

On-track practice is allowed Saturday between 10 and 2 and Sunday gates open at 7:30 a.m. with races starting at 10:30.

Spectators may view the day's races for \$1.

S.V. Motorcycle Burns

The 1967 Harley Davidson motorcycle owned by Barbara Joy Davidson was severely damaged by fire while she was at work on September 6.

The vehicle was covered with canvas and chained to a post at her residence, 1103 Jamacha Ln., Spring Valley.

A witness saw the smoke and called the sheriff's office. A bystander borrowed a hose from a nearby neighbor and doused the blaze.

Damage to the motorcycle was reported to be \$500.

Storm Total 1.67 Here

While the damage was considerable in the back country, no damage was reported in the Lemon Grove-Spring Valley area resulting from the two-day storm Thursday and Friday.

On the first storm day 1.10 inches was recorded followed by a .57 day.

Smaller, earlier storms were recorded as .15 bringing the season rain total to 1.82 inches. Last year, same date, the total was .07.

Rainfall seasons start on July 1.

New Phone Books Due

New telephone directories are distributed to Pacific Telephone subscribers this week, according to Helen Speratos, public relations spokesman at PacTel's La Mesa station.

Distribution of the new San Diego City, East County and North County books began Monday and was scheduled to be completed by Saturday.

Cover art for the East County book this year is the Pine Valley Creek Bridge, Speratos said.

The City book depicts the San Diego Natural History Museum, while North County covers show an Oceanside pier.

\$1,600 is Taken In 2 Burglaries

While John Francis Delaney was away from his home at 3827 Conrad dr., Casa de Oro, on September 7, a burglar made off with valuables worth \$1,035, he reported to the sheriff's office.

The loss list includes a 19" black and white Sears TV, a Phonemate answering device, an electric calculator and a man's opal ring.

The next day, at nearby 3917 Conrad dr., a daytime burglar twisted the knob from the front door of the residence of Sam Allen Sanderson while he was at work.

His loss was \$605 with jewelry, a Bell and Howell slide projector and a color TV making up the list.

Auto Radio Stolen

A radio with an FM converter was stolen on September 7 from an unlocked Datsun truck belonging to Duane Donald Duever who lives at 9208 Harness st., Spring Valley. The radio was taken while Duever was in his home. The loss was reported to be \$50.

L.G. Fire Dept. Promotes Two

Two Lemon Grove firemen were promoted effective September 1, it was announced by Fire Chief Robert Adams.

They are Jim Nicodemus of Lawford ave., and Jesse Entreen of Berry st. Both were advanced from 3rd. class fireman to 2nd. class. Each has been with the LGFD a year and 10 months. The first year was probationary.

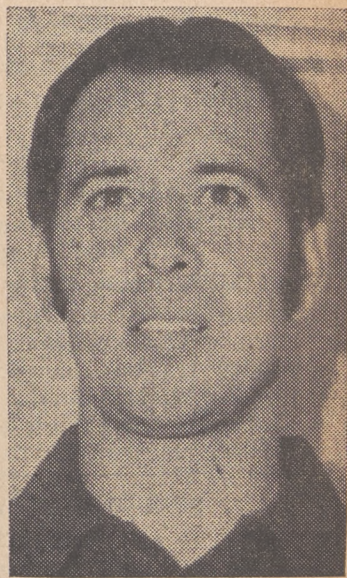

Nicodemus, 30, who also serves as a relief driver, went through the Lemon Grove school system and attended

Nicodemus

Mt. Miguel High school. He was employed by Mayfair Markets prior to becoming a fireman. A family man with three children, he is active in church work and the Monterey Heights Cub Pack. Camping is the family activity.

Entreen, 31, spent 6 years in structural engineering, a year working fishing boats

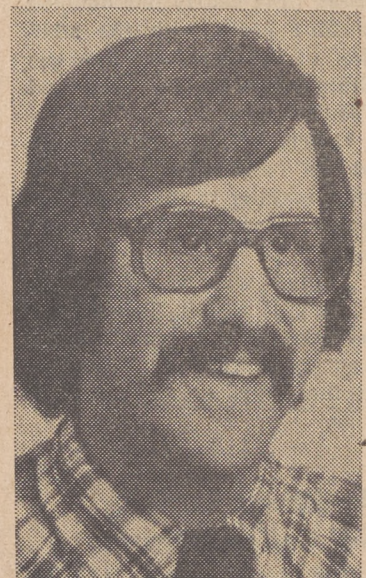

Entreen

and 4 years in Hawaii in naval architecture before joining the LGFD where he is assistant fire marshal. He, too, is a family man with two sons.

He and his wife are members of the Turkeys, a Spring Valley co-ed softball team. He is also on the Batters, a men's softball team and is a racketball enthusiast.

He is a candid camera hobbyist.

The promotions give each man an additional \$144 a month.

Dr. Robert Sanet

general vision perception, will be conducted 10 a.m.-3 p.m. by Dr. Robert Sanet of Lemon Grove and Dr. Russell Love

Dr. Russell Love

of Spring Valley, both optometrists. According to the two optom-

Pastor Plans Series On Jesus' Final Hrs.

A verse-by-verse study of the last twenty hours of the ministry of Jesus is a new undertaking of Pastor Jerry Barnard of the Christian Faith Centre.

Barnard begins the series at 10:30 a.m., Sunday, September 26.

The Christian Faith Centre is an interdenominational charismatic church which meets in the El Cortez Hotel, 7th and Ash, downtown San Diego.

Sunday services are at 10:30 a.m. and 6 p.m.

Barnard will hold a communion at 6:55 p.m. using olive wood communion cups he purchased in the Holy Land. The communion cups will be given to each one participating as a souvenir.

Adventists Send Aid to Philippines

The Seventh-day Adventist Church has provided more than \$100,000 in disaster relief following the August 16 earthquake and tidal wave on the island of Mindanao in the Philippines.

Howard D. Burbank, executive director and manager of Seventh-day Adventist World Service, announced that \$20,000 has been voted to buy food and building materials.

Also, 50 tons of emergency medical and housing supplies, and 20,000 pounds of clothing were sent. Tents, blankets and water purification tablets were also donated.

The disasters killed more than 6,000 and made 28,000 homeless.

READY TO ROAR into the roaring '20s are (l-r) Anthony Battalia, Vi Arban and Mary Giacinto, officers in the Italian Catholic Federation's local chapter. The L&M Trio will furnish music for a Roaring '20s Ball Saturday at St. John of the Cross Auditorium on Washington north of Broadway in Lemon Grove. The dance is from 9 p.m. to 1 a.m. and admission donation is \$2.50.

Area Funeral Services

Jose D. Gonzales

Rosary was held Thursday and Funeral Mass Friday for Jose D. Gonzales, 96, of 9209 Cathay circle Spring Valley. Both services were at Guadalupe Church, San Diego.

Gonzales, last employed as a laborer for the American Pipe Co., was born in Mexico and had lived locally for 53 years.

Interment was at Holy Cross Cemetery with Conrad Lemon Grove Mortuary in charge of arrangements.

He is survived by his wife Carmen; 5 daughters including Eva Negrete of Spring

Valley and Carmen Gonzales of Lemon Grove; two sons including Joe of Lemon Grove; 19 grandchildren and 15 great-grandchildren.

Richard "Rick" A. Edwards

Services were held September 15 for Richard "Rick" A. Edwards, 26, who died at his home on Eastlake dr., San Diego on September 10.

He is the son of Sgt. and Mrs. R. R. Edwards of Lemon Grove.

Edwards had lived in the Lemon Grove area for more than 20 years and was graduated from Mt. Miguel High school in 1968.

Petronilo P. Navarrette

Rosary was Sunday and Funeral Mass Monday at St. John of the Cross Catholic Church for Petronilo P. Navarrette, 85, of 3631 Olive st., Lemon Grove.

He died September 9 at a local convalescent hospital.

Navarrette, last employed as a laborer at the Naval Supply Depot, was born in Mexico and had lived in the area 64 years.

He is survived by his wife Elena; a step-son and stepdaughter; a grandson, Manuel R. Lara of Lemon Grove and 5 great-grandchildren.

Interment was a Holy Cross Cemetery. Conrad Lemon Grove Mortuary was in charge of arrangements.

Health Dept. Pans Food Labeling

Words do make a difference especially the ones you find on cans, bottles, cartons and similar packages that contain food.

In some cases almost identical words describe dissimilar products, according to the State Department of Health.

For instance, a can labeled spaghetti sauce and meatballs must contain at least 35 per cent meat, about six times more than the amount usually included in a can of spaghetti sauce with meat.

Although a juice "drink" may be labeled almost identical to the real thing except for the addition of the word "drink", it may contain as little as one per cent juice.

One frozen concentrate, called imitation orange juice, is basically vitamin enriched sugar, water and syrup. It's frozen so it will attract shoppers looking for frozen orange juice.

A State Health Department survey of mothers in the Woman, Infant and Children feeding program (WIC) revealed that many mothers who bought "drink" thought they were giving their child fruit juice for breakfast.

Although many of these juice drinks are vitamin C enriched they probably lack other nutrients found in pure fruit juice, the Department reports.

"You'd do just as well to take a vitamin pill and avoid the empty calories," says State Health Director Jerome A. Lackner, M.D.

"It takes some scrupulous label reading before you purchase a product to see what you're really getting. "And even then you can't always be sure what you're getting when it comes to products which contain meat or poultry. For example, we recently brought charges against several meat processors for adulterating ground meat and another for selling old hens as prime roasting chickens."

The federal Food and Drug Administration requests manufacturers of fruit drinks to list the percentage of pure juice in the product.

But percentage labeling is not required for most meat products, which are regulated by the U.S. Department of Agriculture food standards.

Cabrillo on Winter Hrs.

Cabrillo National Monument returned this week to its winter operating hours, 9:00 a.m. to 5:15 p.m., according to Superintendent Tom Tucker.

ENGAGED — Mr. and Mrs. R. Allen Bell, 1820 Primera street, Lemon Grove, have announced the engagement of their daughter, Lori Lee, 21, to Gary Zecca, son of Mr. and Mrs. George Zecca, San Diego. The couple will be wed October 23 at St. Columbia Church in San Diego by Very Rev. Father Patrick O'Neil, with reception following in the church hall. The bride-to-be is a Mt. Miguel High and Pacific College graduate. The bridegroom was graduated from University High School and Mesa College.

AREA BIRTHS

The following is a list of area births recently recorded at Grossmont Hospital.

August 21

Mr. and Mrs. Jesus Ruiz, Lemon Grove, a boy, Jose Manolito.

Mr. and Mrs. John Moeller, Lemon Grove, a boy, John Henry.

August 24

Mr. and Mrs. George A. Samarin, Spring Valley, a boy, George Alex, Jr.

August 29

Mr. and Mrs. Ross A. Nelson, Spring Valley, a boy, Robert Neil.

Mr. and Mrs. John R. Kin-dred, Spring Valley, a boy, Terence Shawn Coors.

August 30

Mr. and Mrs. Charles J. Anderson, Jamul, a boy, Jeffrey Allyn.

Mr. and Mrs. Richard L. Rode, Jamul, a boy, Forrest Herbert.

September 1

Mr. and Mrs. James W. Humphries, Jr., Jamul, a boy, Daniel James.

September 2

Mr. and Mrs. James E. Han-nibal, Lemon Grove, a boy, James Nathan.

September 4

Mr. and Mrs. Raymon A. Frederick, Spring Valley, a girl, Danielle Ranae.

New Year Activities Open Jamul 4-H Club

By Blair Hendrix

Officers were installed at ceremonies during the September 7th meeting of the Jamul Chaparras 4-H Club.

Elected president was Gay Nierodzenski, member of a large and active 4-H family in the rural East County Community.

Her sister Theresa, 19, was one of five Diamond Star award winners in the state last year. The Diamond Star is the highest achievement at-

tainable by a 4-H member.

This year, 4-H has revised its rules to include 18 Diamond Star recipients in California, instead of five.

On the county level, the Jamul Chaparras fare well with All Star awards, a notch below the Diamond Star. Of the eight All Stars awarded in the county, four are members of the Jamul 4-H Club. They are Scott Anro, Paula Davis, Becky Nierodzenski and Denny Westermeyer.

The awards are based on judge's evaluation of member's projects, interviews and examples of community services.

Other club officers for the 1976-77 year include Becky Nierodzenski, vice president; Lisa Clinkscales, secretary; Davis, treasurer; Blair Hendrix, reporter; Julie Kreutzkamp, historian; Westermeyer, parliamentarian; Fred Andrews, recreation; Karri Hendrix and Ruth Brewer, song leaders, and Anro, supply officer.

The Chaparras kicked off their eighth year with a Crown Point beach party in August.

Channel 100 to Show '2001', 'Sunshine Boys'

Stanley Kubrick's Academy Award winning film "2001: A Space Odyssey" has been secured by Channel 100 for nationwide exhibition to its pay TV markets throughout September.

The highly acclaimed film classic is being billed with another Oscar winner "The Sunshine Boys," a comedy starring George Burns and Walter Matthau.

About Your Health

This feature is a publication of the California Medical Education and Research Foundation, prepared and edited by physician members of the California Medical Association, 731 Market st., San Francisco, California 94103.

Impetigo

Impetigo is a contagious skin infection which is common among children. The infection is caused by common bacteria, and it often starts following a minor scratch. It seems to be more prevalent during warm weather, particularly among children who are living under crowded conditions. The disease can be severe and dangerous in newborn infants.

Impetigo first appears in the form of a sore, often on the upper lip. A blister forms and when it breaks the secretion dries to form a thick, golden crust. When the crust is removed clear honey-colored fluid oozes from the raw sore. The sores may spread to other parts of the face and to the hands.

In order to treat the infection and prevent its spread, management by a physician is necessary. Your physician probably will prescribe an antibiotic in injection, pill or liquid form and will instruct you in the proper way to treat the sores. Do not cover the infection with a bandage which will delay the healing. It usually takes a week or two for

the lesions to heal completely. Though the disease is disfiguring for a short time, it usually does not leave scars if treated promptly. Scratching and neglect can lead to a deeper infection which may scar.

Impetigo spreads from one person to another only through contact. A child with an active infection should be kept home from school and away from other children in the household. He should not share his towel or washcloth with others in the family. Towels, sheets and clothing should be thoroughly laundered.

The adult who is taking care of the infected child should scrub his hands with soap and water after contact with the lesions.

Record Season for Wild Animal Park

New exhibits and an evening hour operation contributed to a record summer season for the San Diego Wild Animal Park, according to Charles Bieler, Park director.

"The Park has grown and improved extensively since 1972, and it takes visitors longer to enjoy all of it," he said. "Stay time nearly has doubled in four years with the addition of new exhibits like the Kilimanjaro Hiking Trail and Tropical America."

Nearly 345,000 persons visited the Park during the summer, making it the most successful season in its four-year history.

August was a particularly successful month. The 174,027 recorded during that month was the largest monthly gate in the Park's four year history.

Auditions Set for SW College Drama

The Southwestern College Drama Department is looking for talent for the play "The Night Thoreau Spent in Jail," to be presented in mid-November.

Tryouts are set for today and tomorrow, 7 p.m. at the Mayan Hall arena theater on the Chula Vista campus.

One of the roles open is that of a young boy, 7 to 9 years old.

8 June Candidates to Aid Walt Kenrick for Supervisor

A coalition of unsuccessful candidates of the Primary's Supervisor's District 2 race spelled good news for run-off candidate Walt Kenrick, a lieutenant in the Sheriff's office.

Not counting Kenrick, nor his November opponent, Lucille Moore, an El Cajon City Councilman, eight of 18 remaining June candidates vowed support for Kenrick Friday night.

The get-together was a reception at the home of Mr. and Mrs. Stan Boney which was co-hosted by Mr. and Mrs. Wil-

liam Faulwetter. Boney was third in the race (10,967) and Faulwetter was fifth (7,599).

Kenrick was first in June with 16,524 votes; Moore was second with 15,041.

Other June candidates and spouses attending the affair were Mr. and Mrs. Pat Cheryl Briggs, seventh (7,599); Mr. and Mrs. David Eden, eleventh (2,236); John Ortman, sixth (4,192); Mr. and Mrs. Dick White, ninth (2,842); Mr. and Mrs. Art Green, fourth (9,098); Mr. and Mrs. Ike Huyser, eighth (3,116) and Mr. and

Mrs. Pete Cuthbert, twelfth (2,153).

Among others who took part in the June election who attended the affair were Mr. and Mrs. Rudy Kastelic, Jeanette Roche and Dave Tonshannay.

A similar sort of group had been organized earlier to support John Ortman as a write-

Allworth for Kenrick

Lance Allworth, former Charger receiver, will take part in a picnic luncheon being given for Walt Kenrick Sunday at the home of Mr. and Mrs. Victor Hincley, at 13433 Lakeshore dr., Lakeside.

As an added attraction "The Melodiers" will supply music for the festivities that will be from 3:30 until 6 p.m.

The public is invited — especially youngsters — to meet Allworth. There is no charge for attending or for the picnic lunch. Contributions may be made to the Kenrick campaign, however.

Hincley, a June candidate for Supervisor, drew 931 votes.

in candidate but he elected not to campaign.

The nine former candidates Friday promised to work actively for Kenrick starting this week.

A pleasant, added ingredient was added to the gathering when Mrs. Boney's mother, Mrs. Betty Dowd, introduced her husband-to-be, Mr. Roger Manhardt.

The Boney's live at 5149 Mesa Terrace rd., La Mesa.

Ice Show to Display

County Skate Talent

The Harbor Figure Skating Club presents "Fall Fantasies," a recital of local amateur skaters, on Saturday, 5 to 8 p.m. at the House of Ice, 5333 Lake Murray blvd., La Mesa.

Competition, show and novelty routines will be presented by individual and pair skaters.

The public is invited and admission donation is \$1 at the door, 50 cents for juniors 6 through 12, and free for children under 6.

Skaters will display levels of competency, from the beginner to the accomplished skater with five or more years of experience.

SV Class to Combine

Dance With Exercise

Among a wide variety of non-credit courses offered by Grossmont College's Office of Community Education this fall is one called "Sensitization to Movement," a course combining simple exercise with basic dance movement.

Kathy Gill MacDonald will teach the course at Rancho Jamacha Mobile Home Estates, 10770 Jamacha blvd., Spring Valley. A \$2 registration fee is charged for the class which meets from 7 to 9:30 p.m. each Wednesday from October 6 through November 10.

Undersea Film Subject

Of Weekend SD Show

A Japanese WW II sub lost at sea 30 years ago, a mermaid on her own coral reef, humpback whales, fish and exotic marine creatures from the oceans of the world will be explored in film at the 12th Annual Underwater Film Festival, September 17 and 18 at the San Diego Civic Theater.

The show begins at 8 p.m. and is being sponsored by the San Diego Underwater Photographic Society, a non-profit organization dedicated to the promotion of underwater photography.

Photographs by UPS members and underwater photographic equipment will be displayed in the lobby.

Tickets for the event are \$4, available at dive shops, the Civic Theater box office, and from UPS members.

Two Meetings for

Candidate L. Moore

Councilwoman Lucille Moore, candidate for County Supervisor, District 2, will be introduced to guests at a coffee at 10:30 a.m. Saturday at the home of Muriel Goldhamer, 1439 Savoy circle in San Diego. Co-hostess is Cecile Podoloff.

On Tuesday, she will speak to the Casa de Oro Businessmen's Assn. at 7:30 p.m. at the Oxbow Inn, 9816 Campo rd., Spring Valley.

Parent, Child Have Choice Of Pre-School Programs

Parents and children may participate in one of three parent education pre-school classes offered in Lemon Grove and Spring Valley.

A pre-school workshop, parent-child observation and a side-by-side program are offered at various locations under sponsorship of Grossmont Adult School.

In the pre-school workshop, four and five year old children attend three sessions a week. The parent attends one ses-

sion weekly and three evening meetings a month. Cost is \$16 a semester.

In the Parent-Child Observation class, the 3 or 4 year old and parent attend one morning a week. \$7 a semester is the tuition.

The Side-by-Side program is for 3 and 4 year olds. Both parent and child attend two mornings a week. The parent has the option of working as a volunteer aide in a local elementary school one morning a week. Semester tuition is \$11.

Enrollment information is available at the adult school office, 465-3131, ext. 275.

Fabric Care Tip

Keep Cushion Zipper Zipped

Beware of cushion covers with zippers.

Many zippered covers should not be removed for washing or drycleaning. A zipper is used because it is easier for the manufacturer to fit the cushion into the cover.

Many covers will shrink, become limp, change color or fray. Others will dryclean or launder beautifully, but it is difficult to tell which by looking at the fabric.

The fabrics which seem to give the most problems are made of heat-sensitive yarns, such as olefin. Often, they have a rubber-like coating on the reverse side to prevent fraying and to give the fabric body. Drycleaning can practically dissolve some types of coating.

Furniture is not covered by the FTC Care Labeling Regulation, although a proposed amendment would. However, because of many customer complaints, some manufacturers recently initiated a voluntary labeling program. Check for a label and also check booklets or hangtags. They should at least give fiber content.

NOW Plans Program

San Diego County Chapter of the National Organization for Women (NOW) will present the program "Women and Economic Power: A Barometer for Equality" with Dr. Rae Lesser Blumberg, September 28 at 7:30 p.m. The program will be held at the San Diego Women's Club, 2557 Third avenue (3rd and Maple in Hillcrest).

Dr. Blumberg is acting associate professor in Sociology at UCSD where he has taught since 1974. Her experience includes work on the problems of women in developing countries as well as an extensive worldwide examination of sex division of labor related to sexual status.

THE SUPERINTENDENT OF SCHOOLS, DEPARTMENT OF EDUCATION, SAN DIEGO COUNTY, IN COOPERATION WITH THE LA MESA-SPRING VALLEY SCHOOL DISTRICT AND THE LAU CENTER AT SAN DIEGO STATE UNIVERSITY, OFFERS A TALK ON THE LAU VS. NICHOLS SUPREME COURT DECISION: ITS IMPLICATIONS FOR PUBLIC EDUCATION

This court decision obligates school districts to re-examine instructional programs for students whose dominant language is a language other than English.

Date: Wednesday, September 22, 1976
Time: 7:30 p.m.

Location: Auditorium
Parkway Junior High School
9009 Park Plaza Drive, La Mesa

PUBLIC INVITED

EL INTENDENTE DEL DEPARTAMENTO DE EDUCACION, CONDADO DE SAN DIEGO, EN COOPERACION CON EL DISTRITO ESCOLAR LA MESA-SPRING VALLEY Y EL CENTRO LAU DE SAN DIEGO STATE UNIVERSITY, PRESENTA UNA CONFERENCIA SOBRE LA DECISION LAU VERSUS NICHOLS DE LA CORTE SUPREMA Y SUS IMPLICACIONES EN LA EDUCACION PUBLICA

Esta decision de la corte obliga a los distritos escolares a re-evaluar sus programas de instruccion para estudiantes cuyo idioma dominante no sea el ingles.

SE INVITA CORDIALMENTE AL PUBLICO

This Week's RECIPE

Steak Diane is Rare Treat

How about a hearty steak, done up classy restaurant style? The historic origin of Steak Diane may be obscure but not so its popularity. The famous entree is to be found on menus from coast to coast in some of the most elegant and posh establishments. It's a delicious steak which can be done quickly and easily at home in your favorite cast iron or teflon coated skillet.

STEAK DIANE

4 loin or top round beef
steaks (5 to 6-oz. each)
Salt
2 tsp. each butter and oil

4 tbsp. butter
4 tsp. Worcestershire sauce
4 tsp. lemon juice
4 tsp. chopped parsley
4 tsp. chopped chives.

Sprinkle steaks lightly with salt on each side. Heat two tablespoons butter and oil in skillet, and brown steak quickly on both sides. Reduce heat to moderate, and cook until steak is rare. Remove to heated serving plates. Pour off any remaining fat in skillet and set off the heat for a few seconds. Add remaining ingredients and heat until butter melts and browned particles are loosened from pan. Pour over steaks and serve at once. Makes four servings.

Starts Tonight

Ex-wife to Lead Class On Divorce

Divorced? Confused?

A Helix Adult School teacher wants to help.

Lorraine Bunde, holding a BA in Psychology and in the process of rebuilding her life as a single person after 34 years of marriage, appears to hold the credentials to lead a class from the painful experience of divorce to self-renewal and a meaningful future.

The semester course is held in Room 340 of Helix High School, 7323 University, La Mesa, from 7 to 9:30 p.m. starting tonight.

Enrollment is accepted during the first class session or at any time during the semester.

Discussion topics planned include "Dealing with Feelings," "Rebuilding Self-Confidence," "Establishing New Relationships," and "Setting Realistic Goals."

The adult school number is 463-8717.

"WE TAKE TRADE-INS"

Mariners Start Warmup for October 9 Opener Vs. Stingers

San Diego Mariner coach Ron Ingram opens training camp sessions this week for the team's upcoming World Hockey Association campaign but it's anybody's guess as to how many players will be on hand for the start of drills.

Physical examinations will be conducted today and tomorrow with ice activity commencing Saturday. One-a-day practices are at the Mira Mesa House of Ice, 15 miles north of the 13,029 seat San Diego Sports Arena that serves as the team's home rink during the regular season. Sessions are from 10 a.m. to 12:30 p.m. daily.

Ingram expects about 28 players to compete for spots on the 18-man roster and indications are this season's team will be the strongest in San Diego's three-year history. That prediction is tempered by the fact that the league has shown steady improvement since its inception in 1972 and all clubs are expected to be more competitive.

Exhibition Games
The Mariners have two exhibition games, both on the road, against Western International League Spokane, October 2, and Trail, October 3. San Diego begins its quest for the WHA's AVCO Cup, October 9, in a Sports Arena meeting with Cincinnati.

Positions look like this:
Goaltender — Veteran Ernie Wakely has, not yet signed. He had the third best goals against average in the WHA two years ago at 3.25 and 3.26 this past season.

Ingram may have collared a good one in Ken Lockett from NHL Vancouver while Bob Blanchet is up from Birmingham and Russ Gillow, last year's backup, will also challenge.

Center — The incomparable

Andre Locroix is back and the WHA's all-time scoring leader should once again head San Diego's offense. His season totals from 1972-73 are 124, 111, 147 and 101 points with two league crowns.

Ray Adduono (90 points) second to Locroix in 1975-76 has not yet signed but Ingram has Joe Norris (68 points), currently with the U.S. team playing in the Canada Cup championships, and former U.S. Olympian Bob Dobek, a pleasant late acquisition in 1975.

Brad Rhiness is expected to report after a fine junior career at Kingston in the Ontario Hockey Assn.

If all five are here, it should give the Mariners their finest ever group of centers.

Right Wing — Wayne Rivers, hampered by injuries last season, fell from 54 to 19 goals. But is now well and eager to atone.

Captain Norm Ferguson has not come to terms but rookies Archie King, from Memorial Cup champion Hamilton, and Tim O'Connell, an all-American U. of Vermont selection, will be here.

Left wing—Two hard workers from a year ago, John French (64 points) and fiery

Kevin Devine, are returning and consistent Gary Veneruzo has been acquired from Phoenix.

Sure goal scorer Gene Peacock has not yet inked a contract but youngsters Jim Stanfield, from NAHL Buffalo and Elmer Ray, a 6-2, 200-pounder from WCHL Calgary, are ready.

Kevin Morrison
Defense — All-star Kevin Morrison hasn't yet agreed but veteran Brent Hughes is in along with Greg Boddy from NHL Vancouver.

Steady Bob Wall should also be back while the team's number seven draft pick, Rick Hodgson, will vie for a berth after coming from three seasons with WCHL Calgary.

Defense was a problem last season as age caught up with the Mariners but Ingram has done some house cleaning and the situation looks better.

San Diego will compete in the WHA's Western Division this season along with Winnipeg, defending league champ, Houston, league runnerup, Calgary, Edmonton and Phoenix. The Eastern Division alignment has Minnesota, Quebec, Birmingham, New England, Cincinnati and Indianapolis.

Padres Away 11 Days; Face Reds on Return

The Padres, just coming off a week and a half long homestand with open dates today and tomorrow, will get the ball rolling on the road with two games with the Astros in Houston Saturday and Sunday.

Following an open date for travel on Monday, the Padres will move into Cincinnati for encounters with the Reds on September 21-22.

Then, it's another travel date for the club on September 23 before completing the swing with three games against the Braves in Atlanta, September 24-25-26. The meetings with both Houston and Atlanta will be the last of the year, but the Padres still have three home games remaining with Cincinnati.

San Diego will be out to capture the season series with the Atlanta Braves in the Georgia capitol or at least fin-

ish with a split. The Braves led 8-7 with just three games remaining. The Padres won the series last year by a margin of 11-7 and have never won back-to-back season series with any club since coming into the National League in 1969.

"The main thing for us right now," said Padres manager John McNamara who is seeing his third year at the helm come to a close, "is to get a look at the young kids we brought up from our minor league system."

Rookie Test
"It's going to be a bit of a crash program since we'll only have about two weeks with them due to the fact both our Hawaii (Triple-A-Pacific Coast League affiliate) and Amarillo (Double-A Texas League club) made their respective playoffs which cost us about a week to 10 days. We do plan to insert them right into the lineup and get the feel for how they react to major league competition."

With the battle for all of the spots from third place through sixth place in the National League's Western Division still in full swing, the Padres may be in a little better shape than the other clubs. On the minus side, the Padres will be playing 10 of their last 13 on the road, but, on the other side of the coin, the club has five open dates sprinkled into the schedule during the final 18 days of the campaign which should help rest up any weary arms or muscles.

Bullfight Finale For Tj Charity

The Arruza brothers for the first time in Tijuana will appear in the same bullfight Sunday in the season finale.

This is the annual Municipal Benefit Corrida in the downtown bullring, El Toreo de Tijuana, beginning at 4 p.m. It also will feature ace matador Manolo Martinez in his only Tijuana corrida of the summer, plus one of the best of the newcomers Cruz Flores.

They will face bulls of the prestigious Reyes Huerta ranch, one of Mexico's best.

The first \$16,000 of the profits will go toward construction of a classroom at the Tijuana campus of the state Centro de Estudios Tecnicos y Superiores (CETYS). This is a college-level institution on Agua Caliente blvd. near the bullring. Additional profits estimated at \$4,000 will go to the city of Tijuana for improvement of streets and other municipal facilities.

"Martinez has been at odds with the promoters of the regular season, and he's anxious to show fans of both Californias that he still is the Numero Uno. Everyone saw what the Arruza and Cruz can do."

Carlos Arruza Jr., 22, won an ear Aug. 1 in his only appearance of the summer. His brother, Manolo, 21, made four popular showings, including the first two corridas, when he was the only award-winner.

Flores, 17, made his debut July 11 and returned August 8. He won one ear each time. In his debut he might have earned more awards from one bull, but the judge had ordered it returned because of suspected lameness. Instead, Flores was fined \$400 for defying the judge.

Martinez, 30, fought six times at Tijuana in 1975. His best performances were on June 29 when he won four ears and a tail.

Camel Pro Races Due October 3

GARDENA — A 20-lap national half-mile, final event in the American Motorcycle Assn. Camel Pro Series is scheduled Saturday, October 9, at J. C. Agajanian's Ascot.

Agajanian also announced the scheduling of a three-week Friday night series for AMA motorcycles beginning September 24 and ending with a doubleheader on the half-mile and TT course, October 8, on the eve of the 20-lap national.

The October 8 show will include the Golden West Invitational half-mile for novices and juniors and the Golden West TT for experts.

A half-mile race in Terre Haute this weekend, a mile at San Jose, September 26, a road race at Riverside, October 3, and the Ascot half-mile close the schedule.

The motorcycles occupy the Ascot oval for the three-week fall series, because the NASCAR automobiles competing in the Winston Modified series close their point race at Ascot this week on Friday.

A \$1,000 check from Reynolds Tobacco Co. awaits the winner of the Winston series.

Floating Winery
The passenger liner, Queen Elizabeth II, can carry 50,000 bottles of wine.

TAKE FIVE

By John E. Wirges

Football is a game demanding strength, talent, ability and size in reasonable degree and unlimited courage and sweat. The back two qualities can make up for any minor deficiency in the front three, but there is no substitute in the game for hard work and raw guts.

It seems fittin' and proper, therefore, that a game of football should be used as the focal point in a fund raiser for a group of dedicated, honest, real people devoted to helping children who have been maimed, burned or crippled, battle back to self-sufficiency with the only tools they have — raw guts and hard labor.

For those of us with a bit of gray in our hair, it isn't difficult to remember the crippling death march of infantile paralysis through the '40s and '50s.

Thousands of children died or suffered permanent paralysis in a wave of sorrow that visited every city, every town, every village in our nation.

Boys and girls, some still in their cribs, were touched by this deadly crippler and grew to adulthood without ever having run, or even walked, unaided.

Thousands survived the disease only to be confined to an "iron lung," a special respiratory device that mechanically supported their every breath, some for the rest of their lives.

The Shrine became involved in this battle for life with a special Children's Orthopedic Hospital back in the 1920's. As the scourge of polio swept across the continent, additional hospitals were sponsored, both here and in Canada. Over the years 19 Orthopedic Hospitals and three special Children's Burn Centers were commissioned, constructed and staffed into service.

These hospitals and burn centers are dedicated to the reclamation and recovery of children. All children. There are no qualifiers. None of sex, race, religion or financial ability. That's how they started and that's how they remain.

Shrine special health care is free to all children. The only requirement is, they need it.

In time Dr. Jonas Salk developed a vaccine that offered protection against polio, the major crippler of children. It's given now as a matter of routine. It seems the threat of polio is over. Or is it?

Unfortunately, not every child gets this life-saving protection. It's overlooked or inconvenient. Every year an outbreak of polio is reported somewhere in our country or in Canada, where Salk Vaccine has been ignored through stupidity.

Polio attacks are even more savage and severe and take a more terrible toll in Mexico, where the vaccine is largely unknown among the poor.

Mexico has no general immunization program against infantile paralysis, except, perhaps, on paper. And while bureaucrats in Mexico, like bureaucrats everywhere, argue how things should be done, children, young adults and old people, but mostly children, suffer and die, or are paralyzed.

More than 16,000 children were treated in Shrine Hospitals last year, with many Mexican victims sponsored by the Al Bahr Shrine of San Diego to the Shrine Orthopedic Hospital in Los Angeles for long term treatment.

And it's expensive. This year's budget is nearly \$40 million. And it's all raised by the Shriners themselves. Every member works.

Jack Hudson and Bill Myers are Co-Chairmen of Al Bahr Shrine's efforts this year. And they're calling on the strength of nearly 5,000 San Diego and Imperial County Shriners answering the call of Potente Larry Black. And they're not alone. It's our fight, too.

The big effort is Saturday night's football game. San Diego State is hosting Fresno State in a 7:30 contest at San Diego Stadium. Tickets are available from any Shriner or the Aztec window at the stadium.

The more seats filled, the better it is for these suffering kids. Each team receives its expenses and covering costs. All the rest goes to the Shrine Hospital Fund. You can see it's a game you don't want to miss.

20-Year Old Cajon Racer Wins 1st Race in 3 Years

A gasoline maiden took the 40-lap feature Saturday night at Cajon Speedway.

20-year old Jeff Barnicle of El Cajon won the feature by a half length by a combination of good driving and good luck. It was his first victory in three years of racing.

He inherited the lead in the 36th lap when another rookie, Jerry Baxter, was in the lead and only four laps from his first win. But following a yellow flag, Baxter couldn't restart his mount. Second-running point-leading Pat McIntyre of Spring Valley, developed a flat tire and had to retire to the pits.

This put young Barnicle in the lead and it held.

Only three races remain on the Cajon Speedway point season. Saturday night's program gets under way at 8 with a trophy dash for the four fastest cars. The final destruction derby of the season and a special event for mini cycles will be added to the regular 8-race card.

Spring Valley Leader
The veteran McIntyre is still on top of the heap with 2200 points. The Spring Valley building contractor, who is defending champion, holds a 45 point lead over Gary Beecroft of Lemon Grove with up and coming Lanny Pemberton of Lemon Grove another 55 digits back.

The point battle is also the closest in many years with these three drivers seeking the crown. In each of the last four years the race for the point title has gone down to the last night of the season, but each time only two drivers have still been in contention this late in the season.

Ali-Norton Fight At Arena on TV

The September 28 Heavyweight Championship of the world between Ken Norton and Muhammad Ali will be shown on closed circuit television at the San Diego Sports Arena.

Action begins at 6:30 p.m. and tickets are available at the Sports Arena Box office and all Arena tickets outlets. All seats are reserved for the live telecast and are priced \$20 and \$15.

The event will be in the Sports Arena on closed circuit television screen from Yankee Stadium in New York City.

Norton and Ali have faced each other twice previously, both times in 1973.

On March 31, Norton defeated Ali at the Sports Arena and in the process broke the jaw of the celebrated ring veteran. In a return fight on September 10, Ali decisively won in 12 rounds.

The Arena ticket office is 224-4176.

Griffs Season Opens Saturday

Coach Dave Jordan will take his Grossmont College football team to Lancaster Saturday night for a 7:30 engagement with Antelope Valley College.

The Griffins have never met Antelope Valley in football previously, however, Jordan and his coaches scouted the Antelopes last weekend and were impressed by what they saw.

After finishing with a disappointing record of 4-5-1 a year ago, the Griffins return 31 lettermen, have several key transfers and a good crop of freshman prospects. Those ingredients should add up to a winning season in 1976.

Jordan has not yet decided on a starting quarterback for the opener as UCLA transfer Jim Freitas and returning sophomore Steve Perdue have put on a fierce battle in pre-season workouts.

"I probably won't decide until Saturday night on who'll be our starter," said Jordan, who is beginning his sixth season as the Griffins head coach.

Calif. Grand Prix Due at Ontario

RIVERSIDE — Championship of the 1976 SCCA-USAC Formula 5000 road racing series will be decided the weekend of October 17, when First National City Travelers Checks presents the California Grand Prix at Riverside International Raceway.

Riverside's 19th annual fall road racing weekend will also include heats two and three in the International Race of Champions series, (IROC), presenting the world's 12 best drivers in equally prepared Camaros on the same 2.52-mile road course to be used by the Formula 5000 drivers.

Englishman Brian Redman, dominator of the Formula 5000 series with championships in 1974 and 1975, must finish six or better to capture his third title in a row.

Meanwhile, two other British drivers — Jackie Oliver and Alan Jones — stand a chance to win the title by winning the California GP.

Adding to competitiveness of the seventh and final event on the SCCA-USAC road racing circuit will be former Indianapolis 500 winner Al Unser, drag racing champion Danny Ongais and such top international road racing names as Vern Schuppan, Teddy Pilette, Warwick Brown and Peter Gethin.

The IROC series will bring to Riverside its 1975 champ, A. J. Foyt, plus Indy 500 winner Johnny Rutherford, Al Unser and Gordon Johncock; NASCAR super speedway heroes David Pearson, Richard Petty, Cale Yarborough and Buddy Baker; road racing stars James Hunt, Jody Scheckter and Al Holbert, plus a 12th driver to be named.

Rodeo Aids CF

The Fifth Annual Junior Rodeo is scheduled for Orange County Fairgrounds Saturday at 2 p.m. and Sunday at 1 p.m.

The Junior Rodeo is sponsored by the Orange County Chapter of the California Division of Forestry Employees Assn. (CDFEA) and will benefit Cystic Fibrosis research, care, and education programs.

Aztecs to Host Fresno State U. For Shriners Kids' Benefit Game

Act Two of the David (Deacon) Turner Show is set to go off Saturday when Turner and his San Diego State U. football teammates host Fresno State in the annual Shrine game at 7:30 p.m. in San Diego Stadium.

Turner was sensational last week in his debut at San Diego State. In the season's opening game against Arkansas State, Turner rushed 32 times for 239 yards to lead the nation. His 32 carries set a new Aztec record, breaking the old mark of 28. His 239 yards was the second most ever by an Aztec back. Only Jim Allison, who had 271 yards against San Francisco State in 1964, rushed for more yards in one game. Allison led the NCAA in rushing that year.

The Aztecs rushed for 296 net yards in the 24-14 win over Arkansas State, snapping the nation's longest win streak at 15. The 296 is the seventh best total in school history. The team also rushed 69 times to tie a school record set against Long Beach State in 1963.

"Turner . . . Super"
"Turner was just super," said Aztec coach Claude Gilbert. "He showed everyone exactly what we thought he was capable of doing. I don't know if he can run like that every game, but if we can block for him he's capable of doing it."

Fresno State, meanwhile, was losing its season opening game, 41-14, to SW Louisiana in Lafayette. The Ragin' Cajuns of Southwest raced to a 28-7 halftime lead and went on to spoil Jim Sweeney's debut as Fresno State coach.

"I guess Fresno State took a licking last week," said Gilbert, "but we can't let that affect us. Fresno has always played us very tough."

"We'd like to play well Saturday because I think we'll have to win, but also because of what the game means. The Shrine Hospitals do so much for the crippled children that we really feel honored to play some small

part in helping.

"Going to the Shrine Hospital in Los Angeles and seeing the crippled children is a very humbling experience and really makes one appreciate the opportunity to play football."

Chargers Off to Tampa For Season's 2nd Win

Kansas City Coach Paul Wiggin, after Sunday's loss said, "The Chargers are dramatically better than they were a year ago."

That was faint praise for the 30-16 victory the Chargers wrestled from his hapless players since weaknesses showed on both teams.

Chargers head coach Tommy Prothro said it with a better perspective, "I was happy with the way our players moved the ball. I thought our defense played well except for a lapse or two. We showed poise and character when we came from behind in the second half. But I felt the team would do it."

With that evaluation the Chargers are off to Tampa Bay where they collide with Buccaneers at Tampa Stadium Sunday at 10 a.m. San Diego time.

The game will be telecast on ch. 10 and radiocast by Hope Hines and Tommy Mason on KSDO. The Hines-Mason pair did an outstanding job Sunday and their presentation should go far to bringing radio football fans back to the station.

Tampa lost to the Houston Oilers at the Astrodome 20-0 last week. Sunday's game is the home opener for Tampa Bay and an audience of 50,000 will be on hand. So will NFL commissioner Pete Rozelle who came to view one of the new AFC West Division teams.

Rivalry Renewed
For Prothro, it will be a pro renewal of an old college ri-

The Shrine Game will start 30 minutes earlier than past Shrine Games with kickoff at 7:30 p.m. The Shriners will have their usual pageantry prior to the game, beginning at 6:30 p.m. A giant fireworks display is slated for halftime.

valry from the days when Prothro coached at UCLA and John McKay, Tampa Bay head coach, was at USC.

Nicknamed Buccaneers to honor the legend of an old Tampa Bay pirate, Jose Gaspar, Tampa Bay is a regional franchise encompassing the cities of Tampa, St. Petersburg, Sarasota and Orlando and a population of more than 3.5 million.

Owner Hugh Culverhouse hired as head coach John McKay, whose USC teams won 80 per cent of its games and four national championships in his 16-year reign. McKay has two former NFL head coaches on his staff — offensive coordinator John Rauch and defensive coordinator Abe Gibron.

The Buccaneers could gain only 108 yards against Houston's strong defense last Sunday. Quarterback Steve Spurrier completed 8 of 21 passes for 90 yards. John McKay, the coach's son, caught three for 49 yards. Leading rushers were Essex Johnson with 15 yards in five attempts and Charlie Davis with 14 in 3.

Defensive tackle Leroy Selmon, the nation's top 1976 draft choice from Oklahoma, made an impressive NFL debut with two sacks as Tampa Bay limited the Oilers to 10 points after three quarters.

Tickets for the game between the Chargers and St. Louis Cardinals at San Diego Stadium on Sunday, Sept. 26, are on sale at Stadium Gate E and Select-a-Seat agencies.

State Swim Coach

Mike Judd, 28, has been named head water polo and head swim coach for both men and women at San Diego State U.

Judd was Aquatics Director at Whittier College and was head water polo coach as well as head swim coach for both men and women for the past three years.

Prior to Whittier, Judd assisted the swim programs in Cali, Columbia as a member of the Peace Corps and was an assistant water polo and swim coach at Southwestern College and head swim coach at Morse High School in San Diego in 1970.

State Hoop Coach Takes New Job

Russ Critchfield, assistant basketball coach at S.D. State, has accepted a high school coaching job in San Ramon High school in Danville, northern California.

Critchfield, 29, resigned his San Diego post last week. He voiced regrets at leaving Head Coach Tim Vezie and the Aztec program. He said he didn't apply for the job. He was sought as an applicant. He also said his decision was the move brought him closer to his family and his son.

Critchfield is a former All-American guard from U. C. and still holds several Golden Bear scoring and shooting records.

Rain Bobtails Softball Sched In Spring Valley

Women's and men's league softball games in the S.V. Park & Rec. Dist. were rained out Friday. They are rescheduled for tomorrow.

Results of games played earlier are: Dusters 8—Aspens 5; Nellies 11—Puppy World 6; Scotty's 23—Alex's 0; Jimmy's 13—Sea World 2; Beavers 24—Truckers 2, and Sluggers 16—Lions 16 (tie).

Standings: American League North

White Collar Crime

Beware of Self-Serving Charities

Third in a Series
By Ed Miller
County District Attorney

One of the largest rackets ever investigated involved a professional fund-raising firm which sent solicitations of millions of Americans year after year seeking funds to help cure a crippling disease.

Investigation by law enforcement officials disclosed that approximately \$22 million was earmarked for salaries and expenses and illegal kickbacks were given to the charity's officers.

On the other hand, many charities are making important contributions toward helping the handicapped and in supporting medical research. These organizations merit the consumer's full support.

Promoters and fund raising organizations are subject to laws similar to any other business organization. In promoting and advertising a particular charitable fund, false, deceptive and misleading advertising cannot be used.

In California, if it is the intent to induce the public to enter into any obligation for payment of money — it is illegal to use any advertising which is untrue or misleading and is known to be untrue or misleading. There is a penalty of \$2,500 for each violation.

Examples of such false, deceptive or misleading advertising in charity solicitations are representations regarding the amount which is tax deductible or the possible allocation of the funds collected.

It is incumbent upon the charity organization to insure its promoters are adhering to all laws related to advertising as it is usually in the promotion area where the legal difficulties arise.

The San Diego City Code requires a permit be obtained from the Police Department before any charitable solicitation occurs. The applicant for the permit must provide detailed information relating to the proposed solicitation and the Police Department is authorized to conduct an investigation. A financial report must also be filed with the Police Department upon the completion of the solicitation.

Promoters who solicit contributions must obtain a license from the Department and post a \$5,000 bond with the city.

A charitable organization, in my opinion, can be held liable for violations by its promoters. So, such organizations must insure all the facts about the solicitation are before the public and the representations are true.

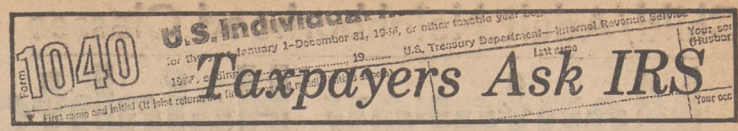

Consumers can make the most effective use of their charitable contributions if they:

—restrict donations to causes and organizations with which they are familiar.

—ask for a financial statement from organizations with which they are not familiar, and

—check with the Better Business Bureau, the local Chamber of Commerce or, in the City of San Diego, the Police Department before any donation is made.

A copy of the booklet alerting consumers to all types of con games and white-collar schemes can be obtained free by writing: Buyer Beware, in care of District Attorney Ed Miller's office, 220 West Broadway, San Diego, CA 92101.

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. The company I work for offered its employees a stock purchase plan. We could buy company stock for \$20 a share. The market price was \$22 a share. I bought some shares and now 2 1/2 years later their value has increased to \$24 a share and I would like to sell. How do I report the income I received from their sale?

A. Employee stock purchase plans, such as the one you described, follow special rules. Exactly how you report the money you gain depends on how long you have held the stock.

One possibility applies to persons who have held the stock for more than six months, and at least two years from the time the company first offered the plan (or, in technical terms, when the option was granted). Under these conditions, you must report as ordinary income, the difference between the option price, \$20 a share, and the stock's value when the option was granted, \$22 a share. The rest of your gain from the stock's sale, is reported as capital gains.

If you do not meet the holding period requirements, the difference between the option price, \$20 a share, and the value of the stock when the option is exercised (when you bought it), \$24 a share, is ordinary income.

For more information, see Chapter 8 of IRS Publication 17, Your Federal Income Tax. It is available at local IRS offices.

Q. My doctor sent me to a clinic for treatment he/she could not give me in his or her office. The clinic is across town, and the bus or taxi fare to it can be considerable. Can I deduct the fares on my income tax return?

A. Yes. Most transportation expense primarily for medical

Outboard Motor Stolen

An outboard motor with its battery box and other accessories, all worth \$600, were taken from the trailer sales lot operated by Richard P. Eddy at 6867 Federal blvd., Lemon Grove on September 8 when it was closed.

Color TV Stolen

A \$400 19" color Zenith television set was stolen from the home of Kathleen R. Church while she was away visiting on September 9.

Sheriff's deputies said evidence indicates that the burglar climbed a fence to get onto the property which is at 3540 Foresome dr., Brookside.

care qualifies as a medical expense. You may deduct the bus and taxi fare to and from the clinic.

If you drive, you have a choice of deductions. You may deduct the cost of gas, oil and parking fees, or take the standard mileage deduction of seven cents per mile for each mile you drive for the medical care. You may also deduct parking fees and tolls you pay in addition to the seven cents a mile.

These expenses are subject to all the normal limitations for medical expenses. To deduct them, you must itemize them on Schedule A of Form 1040.

For more information, see IRS Publication 502, Deduction for Medical Expenses, available at most IRS offices.

Q. My brother-in-law won \$500 at the race track last week. He was overjoyed at the extra income, but wants to know if he must pay federal income tax on the winnings.

A. All gambling winnings, including those at the race track, are considered taxable income and should be reported on your federal income tax return.

However, any gambling losses your brother-in-law suffers may be deducted to the extent of his winnings. To claim the deduction, he must file a Form 1040 return and itemize them on Schedule A.

Roostertails to Fly High Sunday In Thunderboats Charity Race

The grand finale of the hydroplane racing season, the Jack in the Box Thunderboats Unlimited Race, is Sunday on Mission Bay.

Mission Bay is the only waterway in the United States constructed specifically to meet the requirements of unlimited hydroplane racing. Public viewing of the race will be excellent from Fiesta Island, East Vacation Island, and Crown Point Shores.

Log Boom Party

An added attraction to this year's Thunderboats Race will be the Log Boom party. Although logs are a popular part of the circuit during racing season, this is the first to be held in San Diego in several years. A log boom is made of huge logs anchored near shore to which boats may be moored.

Toreros Season Opens Saturday at Redlands

Coming off last Saturday's 35-19 Alumni game victory, the USD Toreros (0-0) open the 1976 football season Saturday against the U. of Redlands Bulldogs (0-0) in a 7:30 contest at Redlands.

These two teams have met once before, that was in last year's season opener which Redlands won 31-12.

USD Head Coach Bill Williams said, "We are playing the most powerful team in the CIAC and a victory over a team of this stature could really turn our program around. It's a challenge to play them this early in the year, but I think we're ready for them."

In Saturday's scrimmage against the Alumni the Toreros showed that they are in good physical condition. The last two years USD has had its fourth quarter problems. Last week the Toreros showed Coach Williams they are fit, as they ran up the score to 35-19 with 13 fourth quarter points.

The Log Boom will be anchored in place on Friday and the reservation period extends through the end of the activities on Sunday. Space along the boom will be reserved for vessels approved by the Log Boom Committee.

Best View

Traditionally, race fans have used the Log Boom for both a grandstand view of the race and as a gathering place to re-

Tag Team Tops Coliseum Card

Raul and Carlos Mata meet the Scorpions in a tag team wrestling match Tuesday night at 7:30 at the Coliseum, 15th and E sts. in San Diego.

Backing up the headliner is a "loser leaves town" match between Roddy Piper and Crusher Verdu. The loser not only leaves San Diego but may not return to fight professionally unless the winner approves it. There are a half-dozen wrestlers on the "banned" list at present.

In other bouts Chavo Guerrero faces the Hangman and Ponzio Fargo meets Butcher Vachon.

The curtain raiser is Larry Zybysko in a bout with Ken Mantell.

Youngsters and senior citizens get a \$1 discount on admission prices.

S.V. CoC Burglarized

Burglars must be hard up when they stoop to steal from a chamber of commerce — organizations which seem habitually out of funds.

In Spring Valley, the burglar proved the point on September 7 when he entered the chamber office at 9062 Memory lane and took nothing. He got in by "slipping the lock" on the front door, according to Willette Mary Mock, chamber secretary.

lax and have a good time. Log Boomers have the best seats in the house, comparable to 50 yard line seats at a football game. Without a doubt, this is the best way to see the races.

The only boats which will be permitted in the closed area of Fiesta Bay during race days are official patrol boats, race boats and Log Boom boats displaying official identification and holding a valid permit.

A sellout is anticipated and due to limited log footage, applications should be requested (298-5444) as soon as possible.

Tennis Classes Offered Free by Park & Rec Dist.

Tennis classes for all ages, will be given starting October 10 to S.V. Park and Rec. District residents free of charge. Classes will be at Mt. Miguel High school tennis courts and registration is at the school's gym at the following times.

District residents only may register October 6, 7-8 p.m.

At 8, non-residents may fill available space on a first-come basis.

Classes, running from October 10 to December 19 are:

Beginners "A" 8 a.m. — 8:12 years; 8:35—8:12; 9:15 — 13:17; and 10—13:17

Beginners "B" 10:50 a.m. 8-17 years

11:40 a.m. Intermediate and advanced adults

Beginners 1:15 "B" adults, 2:05 "A" Adults

3 p.m. "A" adults

"A" Beginners — no previous lessons

"B" Beginners — those having had one semester of lessons.

The SV P&Rec phone is 475-5544.

Child/Adult Neighborhood Classes

Monterey Heights Set for New Fall Line-Up

By John Kowalczyk

The lights won't go out after sundown this fall at Monterey Heights Elementary School at 7550 Canton drive, Lemon Grove.

The Monterey Heights Community School will take over the building and school grounds after regular classes are over in a new afternoon and evening class education and recreation series for both children and adults.

Pre-Registration for the neighborhood classes is Saturday in the school auditorium from 10 a.m. to 2 p.m. Students may also be accepted at the first session of each class, set to begin during the week of September 20.

Child care can be arranged at the pre-registration session.

"The term 'Community School' may be a new one to many," explained Donna Beckley, Monterey Heights Community School director entering her second school year in Lemon Grove. "It helps to think of it as a community center — a place for recreation, getting together with neighbors and friends, learning new skills, sharing your knowledge and just plain having fun."

The 18 class offerings include five courses for children and thirteen offerings for adults.

Classes were chosen and planned in response to a neighborhood survey conducted by the Community School's Advisory Council in spring.

For Kids

Youth course descriptions follow:

Fundamentals of beginning ballet will be taught by Sheila Orysiak for ten weeks, Wed-

nesdays, 3:30 to 4:30 p.m. Class is for school age and older. Moms are invited to attend. Fee: \$10.

Beginning Guitar II continues last spring's novice guitar class for kids. Dennis Mitrovich teaches for 8 weeks from 3 to 4 p.m., Mondays; fee: \$8.

Square Dancing for 5th and 6th graders is taught by Pappy and Minnie Wollis Tuesdays, 3 to 4 p.m. for 10 weeks; fee: \$2.50.

Friday's Beginning Ta p

Dance classes are split. Kindergarten through second graders attend 2:15 to 2:45; third through sixth graders attend 3:30 to 4 p.m. Basic steps and routines are taught during 12 weeks; fee: \$5.

Beginning Tumbling is taught by Diane Douglas on Fridays for 12 weeks. Building new skills, confidence and self-control through tumbling are aims of the class. Kindergarten through 2nd grade meets 2:45 to 3:15 p.m.; 3rd through 6th meets 4 to 4:30 p.m.

Adult Offerings

Among the classes geared for adults are:

Aerobic Dancing — dancing for physical fitness. \$54 fee for 12-week lessons. Two-week introductory offer costs \$9. Meets Tuesdays and Thursdays, 7:30 to 8:30 p.m.

Ballroom Dancing for Older Couples — meets first, second and fourth Fridays of month, 7:30 to 9 p.m.; fee: \$4 a couple.

Ceramics — underglazes, glazes and stains; 18 years and older; \$10 fee does not include greenware, tools and supplies; meets Tuesdays for 8 weeks, 7 to 10 p.m.

Creative Writing — help for novice or experienced writer in style, composition, vocabulary building and grammar. Meets for eight weeks, 7:30 to 9:30 p.m.; fee: unsettled.

Exercise for Older Adults — offered in conjunction with the Lemon Grove Senior Citizens Club; fee: unsettled, maximum \$8.

First Aid — standard first aid taught by Don Norvell, engineer at Lemon Grove Fire Department; text book is only cost.

Guitar — continuation of

beginning guitar adult class begun last spring; fee: \$8; Thursdays, 7:30 to 8:30 p.m.

Knitting/Crocheting — beginning stitches and pattern reading taught Thursdays for eight weeks, 7:30 to 10 p.m.; fee: \$10.

Painting — for beginners with choice of medium (oil, acrylic, watercolor); Thursdays, eight weeks, 7:30 to 9:30 p.m.; fee: unsettled.

Plants — An Art Form — how to create artistic container plants and gardens for home; Thursdays, eight weeks, 7:30 to 9 p.m.; fee: \$4.

Sketching — beginning use of charcoal, pencil, crayon and pen & ink; Mondays for eight weeks, 7:30 to 9:30 p.m., fee: \$8.

Women's Exercise — weight and figure control, cardiovascular and yoga-type exercises; Mondays and Wednesdays for eight weeks, 7:30 to 8:30 p.m.; fee: \$10.

Assertiveness Training — Special class offered by Grossmont Community College; Mondays for six weeks, 7 to 9:30 p.m.; fee: \$3, \$1.50 for Gold Card carriers.

In addition to the classes, the after-school recreation program sponsored by the Effective Problem Intervention Center (EPIC) continues into the fall at the upper Monterey Heights playground, 3 to 5 p.m., Monday through Friday. Activities for children in kindergarten through 6th grade include arts and crafts, sports, games, movies, special events and field trips.

While no registration or fee is required to join the program, a minimal charge is asked for special events and field trips.

DREAM FULFILLED — Cathy Hartman stocks shelves in her new trophy and gift shop, Tiki-Two, at 7752 Broadway. The shop is a spin-off of her Tiki Trophies, a San Diego store. Hartman, who grew up in Lemon Grove, has always dreamed of owning a shop in Lemon Grove's central business area. Part of the Grand Opening celebration includes an October 1 drawing for prizes including a \$49.95 miniature grandfather clock. Entries may be filled out at the store.

Free Lecture Package Eyes Nation's 'Crazes'

"Current Crazes: Hoax, Hope, or Hot Air" will begin Tuesday, 7:30 p.m. at the Ben Polak Fine Arts Center, 8053 University ave. in La Mesa.

Co-sponsored by the La Mesa Library and Grossmont College Community Services the adult lecture series will explore facts and myths of such current crazes as transcendental meditation, health foods and vitamins, exercise and jogging, non-violent child deliv-

ery, and the women's liberation movement. Each of the five topics will be discussed by an expert in that field.

Commencing the free series Tuesday, Dr. Kathryn Breese-Whiting will discuss "Taking the 'Con' Out of Consciousness," a close scrutiny of such popular self-help methods as transcendental meditation.

Candy Cumming, therapeutic dietitian at University Hospital, will examine "Rip-off or Right On. Exploring the World of Health Food", on September 28.

On October 5, the controversial film "Total Fitness in Thirty Minutes a Week", based on Dr. Laurence E. Morehouse's best seller will be shown. Howard F. Hunt, Athletic Director at UCSD will moderate the film.

"Birth Without Violence", dramatization of Dr. Frederick Leboyer's revolutionary method of child delivery, will be shown and narrated on October 12 by Dr. William Swartz, assistant professor of reproductive medicine at UCSD Medical Center. This film, as well as Dr. Leboyer's book, have created great controversies in obstetrical practice worldwide.

"Feminine Mystique or Mistake", a clarification of woman's role in today's society by Rosemary Sloan, psychiatric social worker, will conclude the series October 19.

Admission to the series is free.

Night Class To Help Small Advertisers

A course on advertising designed for the small businessman begins tonight at Mission Bay High. It is open to all county residents.

"Advertising for the Small Business" is a 14-week course designed to aid the beginner budget, supervise and better understand the field of advertising.

Subjects include trade definitions, media selection, budgeting, copy, art, production, direct mail, radio and television.

Emphasis is placed on the practical side of the San Diego advertising market so the individual can use the information as it related to his own business.

Registration and classes begin tonight, 6:30 to 9:30 p.m. at the high school, 2485 Grand ave., San Diego.

The class is a joint venture of the San Diego Small Business Administration and the North Shores Adult School.

UCSD Extension Is 60 Years Old

University Extension at the University of California, San Diego is celebrating its 60th anniversary in the San Diego community and its 10th year of the UC San Diego campus in La Jolla, it was announced this week.

As the continuing education arm of the University of California, Extension seeks to extend the cultural and academic resources of the University to the San Diego community.

Extension is operated solely on course fees and occasional grants. No state funds or taxes support it.

Courses are usually held evenings or weekends on the UCSD campus in La Jolla. Some are throughout the San Diego community.

Psychic Geller Leads Guest List of SW College Series

The Fall Artist/Lecture Series at Southwestern College in Chula Vista is headlined by Psychic Uri Geller who appears October 27 at 8 p.m. in the College Gymnasium.

Geller is said to be one of the most phenomenal psychics of the century. His apparent ability to bend metals by sheer mental concentration are mind boggling. During demonstrations he bends keys without touching them and exercises a mysterious power to fix broken watches, radios, and pocket calculators by simply holding them in his hand. He "defies all laws of logic and science", according to a spokesman at the college.

Geller received world-wide acclaim when his laboratory tests at the Sanford Research Institute, purported to be conducted under rigid scientific conditions, could not disprove his accuracy of predicting the roll of dice, reproducing drawings he had not seen or creating weight on a precision laboratory balance through

Bank Offers Student Budget Checking Plan

Bank of America is offering a series of special banking services, including an economical checking plan, to meet the financing needs of college students.

The College Plan checking account, available to college, university and vocational school students, includes unlimited checkwriting with no minimum balance; a \$1 monthly service charge (free during June, July and August, or for any month a minimum balance of \$300 is maintained; account stays open during summer even with a zero balance); and special, low-cost personalized checks.

Students of sophomore standing or higher may also qualify for a Student BankAmericard, which permits them, by using a tuition check, to charge tuition and entrance fees at most California colleges and universities.

Other services meeting students' special needs include: overdraft protection to those who qualify, money and account transfer service, personal loans for educational purposes and Federally Insured Student Loans.

In many offices near major colleges, student representatives also are available to help with individual student banking or financial problems.

the intense powers of his mind.

Other attractions for the season are noted historian Dr. Henry Steele Commager; feminist artist, Judy Chicago and Dr. Faye Sayeg, member of the Palestine National Council.

All attractions have a nominal admission charge.

Study Questions Heavy Truck Tax Fair Share, 21%

CALTRANS Director Adriana Gianturco, in a report to the Auditor General, has indicated that heavy trucks in California are not paying all the increased costs of highway design, construction, and maintenance necessary by their increasing length, width, and weight.

Highways are designed to accommodate the extra length, width, weight, slower acceleration, and longer braking times and distances of heavy trucks. Bridges must be made wider and stronger and higher to allow trucks to pass beneath.

The report says maintenance costs are also increased by the additional wear and team imposed by heavy trucks on the State's Highway System. The recent legislative change in weight limits from 18,000 to 20,000 pounds for single and 32,000 to 34,000 pounds for tandem axle trucks increased the State's highway and maintenance costs \$7 to \$11 million a year.

The present system of fees for heavy trucks contributes about 21 per cent of the motor vehicle user taxes to the State Highway System. Various studies by California, other states and the federal government indicate that 33-37% would be more appropriate.

The report suggests that legislation changing the fee basis to number of axles rather than unladen weight would be more equitable by making trucks carry their proportional share of highway costs.

Gas Tank Taken

A 10-gallon gas tank, valued at \$40, was taken from an outboard motor at the home of Mary L. Smith. The motor was at 9110 Orville st., Spring Valley, where the owner lives.

Water Reservoir Cover To Cost \$1 Million Less

Covering Grossmont Reservoir in Harry Griffen Park will cost Helix Water District about \$1 million less than expected, it was learned recently by the agency's Board of Directors.

Estimated at \$4.2 million, the contract will probably go for \$3,173,500. The apparent low bidder was Oberg Construction Company of Simi Valley.

Second low bid from the 17 contractors who tried for the job was submitted by Trepte Construction Company of San Diego. Its estimate was \$3,206,049. High bid was nearly \$4 million.

The contract was not to be awarded until after the sale of \$6 million in revenue bonds,

scheduled to take place yesterday.

About \$3.7 million of the bond sale will go toward covering the reservoir, including the construction contract, material purchase, District work (inspection, surveying, material testing, etc.), post-construction landscaping, and engineering consultants, according to a schedule provided to the board.

An estimated \$1.7 million will be used for replacement of transmission mains (particularly portions of the "flume" line from the Levy Treatment Plant, around the eastern edge of El Cajon Valley), and for engineering and construction of pumping plants as demands on the system increase.

The Chase Avenue Pipeline, which replaced a section of the "flume" line across southern El Cajon Valley, has already been completed.

The covered reservoir, transmission main replacements and pumping plants are all required to protect water quality after treatment at the Levy plant.

The proposed \$6 million bond sale is part of an \$11 million issue approved by Helix Water District voters in the November 1974 election.

A \$4 million bond sale in 1975 financed the addition of settling basins at the Levy plant and construction of the Chase Avenue Pipeline.

Commerce Sec. Richardson to Speak in SD

Elliot L. Richardson, Secretary of Commerce and Chairman of the Energy Resources Council, will speak at the University of San Diego on Tuesday, September 28.

The USD Speakers Bureau sponsors the talk which is open to the public. Admission is \$2, \$1 for non-USD students. Richardson will speak at 8 p.m. in the Camino Theater on the USD campus.

Unemployed Woman Loses \$500 in Cash

Elaine M. Root, 22, of 2146 Bonita st., Lemon Grove, is unemployed. Her luck didn't get better while she was away from her residence on September 3. When she returned, about 11 a.m., the front door of her place was kicked open and valuables amounting to \$830 were missing.

A leather coat worth \$80; miscellaneous clothing, \$150; a stereo set, \$100 and \$500 in cash she had stashed away were included in her loss.

She gave police the name of a suspect.

Three Tires Slashed

Three tires of the car owned by John O. Franklin, of 541 Parkbrook ave., Spring Valley, were slashed while he was sleeping in his residence on September 6.

Replacement cost, he said, is \$120.

Mexican \$ is Loot

A burglar cut the living room window screen of the Spring Valley residence of Joni Dell Burnett while she was away. Inside, at 615 Concepcion st., the thief took numerous jewelry items, \$20 in coins in a bottle, and a quantity of Mexican money that was worth more on September 8 when it was stolen than it is today.

Burnett listed the total loss as \$520.

Sleeper Burglarized

While Nick Boscia was sleeping in his home at 8643 Harness st., Spring Valley on September 8, thieves were busy outside.

From two vehicles he owned, the thief gathered up a CB radio from each, one booster, plus an 8-track stereo, two antennas and a pair of stereo speakers.

The value of these items, Boscia said, is \$550.

Microwave Oven Stolen

The vacation of Warren A. Wise was pleasant — until he returned to his Lemon Grove residence. There he found a thief had ransacked his home at 1825 Ramon st., after breaking a rear kitchen window.

Missing items included a microwave oven; a Panasonic black and white 12" TV set; dinner flatware, and a carton of Marlboro cigarettes. The loss totaled \$491, he told sheriff's deputies on September 3.

Camper Alteration Requires License Class Change

Don't take that camper shell off your pickup truck without thinking the change through. If your pickup camper is registered as a house car (passenger plate) the camper may not be removed legally. To do so would violate registration requirements.

If the camper is removed, commercial registration is immediately due, according to Captain C. M. Douglas of the El Cajon office of the California Highway Patrol.

The same principal applies to vans that are registered as house cars. If interior furnishings or fixtures are taken out, a commercial license is required.

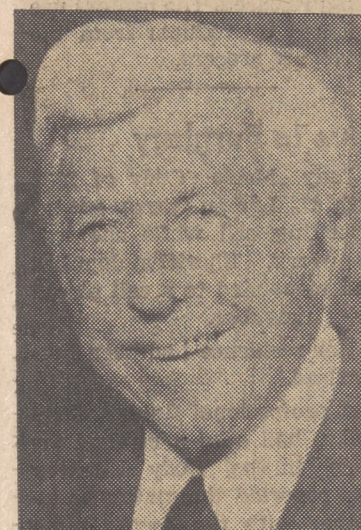

Add-ons can change the classification, too. If a trunk lid is removed and a large box is put in the truck, or the vehicle is otherwise changed to carry a load, it becomes a commercial vehicle and a commercial license is required.

Conversely, if a pickup is registered as commercial, it would be in compliance with a camper on it and would still be in compliance if the camper is removed.

Rotary Official Visits Club Here

Ben Clark, of Coronado, Rotary International district governor, will make an official visit to the Rotary Club of Lemon Grove at its weekly luncheon on Monday, the meeting hall at Palm and Imperial.

Earlier on that day, Clark will confer with Rotary Pres.

Ben Clark

John L. Factor, club Secy. Leonard A. Klein, and other club officers, directors, and committeemen about club and district projects and administrative matters.

The Lemon Grove club is error of Rotary District 534, which comprises San Diego

and Imperial counties and the Blythe club in Riverside County.

A retired Navy civil engineer, Clark is a member and past-president of the Rotary Club of Coronado.

He is one of 357 district governors in the world serving Rotary International, an association of 16,900 Rotary clubs with 791,500 community and international service-minded business and professional leaders in 151 countries. "Service Above Self" is a Rotary motto. One of 39 Clark leads as gov-

Polio Pioneer Talks Tonight

Dr. Jonas Salk, pioneer in flu and polio vaccine research, tells what he thinks about the swine flu inoculation program tonight, Friday and Saturday on KPBS-TV channel 15.

Salk explains during the program that flu researchers are developing a vaccine that will combat all strains of influenza virus.

The scientist also describes the nature of viruses and the workings of a vaccine during the program.

It is shown at 7 p.m. tonight and repeated Friday at 9:30 p.m. and Saturday at 2 p.m.

NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN to the qualified electors of County Service Area No. 85 — Spring Valley Local Parks of San Diego County that an election will be held on Tuesday, November 2, 1976, at which election there will be submitted to the qualified electors of said area the following question:
Shall the order adopted on August 20, 1976, by the Board of Supervisors of the County of San Diego establishing County Service Area No. 85 — Spring Valley Local Parks be confirmed and shall the maximum property tax rate of the county service area be established at \$0.07 per \$100 of assessed valuation of property, the revenues of which will be used for local park maintenance?
The polls will be open between the hours of 7:00 a.m. and 8:00 p.m.

BY ORDER OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO

DATE: August 20, 1976.
FOR ESTE MEDIO SE DA AVISO a los electores cualificados

del Area No. 85 de Servicio del Condado — Parques Locales de Spring Valley del Condado de San Diego, que se celebrara una eleccion el martes, 2 de noviembre de 1976, donde se presentara a los electores cualificados de dicha area la siguiente propuesta:

"Debera ser confirmada la orden adoptada por la Junta de Supervisores del Condado de San Diego fechada el 20 de agosto de 1976, estableciendo Area No. 85 de Servicio del Condado — Parques Locales de Spring Valley y debera ser establecida la tarifa maxima de impuestos del area servicio de condado a \$0.07 por cada \$100 de tasa de pro-

piedad cuya recaudacion sera usada para el mantenimiento de parques locales?

Las casillas de votacion estaran abiertas entre las 7:00 a.m. y las 8:00 p.m.

POR ORDEN DE LA JUNTA DE SUPERVISORES del Condado de San Diego fechada el 20 de agosto de 1976.

Shoplift List Grows as Eight Are Charged

Eight arrests of shoplifters and petty thieves at Mayfair's Lemon Grove store, Broadway, continues. A sizeable list was recorded by the sheriff's department previously. Last week more persons were added to the list.

The following list covers only a part-day activity which indicates that numerous arrests have not yet stemmed the thievery tide.

The current list of shoplifters range from juveniles in early teens to senior citizens and most of the thefts had small value.

The suspects may now have something in common for the rest of their lives — a criminal record.

The shoplift surveillance is continuous but this list is incomplete.

The culprits are not fully identified after hearings at El Cajon Municipal Court. Juveniles are handled by the Juvenile Department. Here are ages and the value of items allegedly stolen from Mayfair.

Arlene, 42, National City	\$5.25
James, 28, Spring Valley	.98
Michael, 17, Lemon Grove	1.35
Juanita, 30, Spring Valley	2.84
Trudy, 17, San Diego	.73
Robert, 30, Lemon Grove	10.10
Josephine, 14, Lemon Grove	2.18
Bettie, 51, San Diego	1.29

Kiwanis Fetes 22 Teachers In Annual Salute to Schools

22 teachers, 12 of them new to the district, were feted by the Lemon Grove Kiwanis Club, members of the school board and civic leaders at a luncheon last week on Wednesday.

Dr. Bob Sutton, Kiwanis past president and now superintendent of the school district, welcomed the teachers at the traditional Kiwanis event. Jerry Heath put some of the members and guests on a gridiron. It was amusing.

Bill Floyd, master of ceremonies in a more serious vein, paid homage to the teachers of the district, reminding all that the true resource of the world is in the hands of teachers. He noted that the eight schools of the district which covers 4½ square miles, and employs 150 people, is the largest single employer in the community. The schools host 3,500 youngsters each school day, he said.

Jim Dorman, vice president, and Henry Reinecke, clerk of the board of trustees, represented the district board.

New Office for Gov't Info Ctr.

San Diego's Government Information Center has relocated to the new San Diego Federal Building, 880 Front st. The telephone number for city, state and federal information is the same: 293-6030.

The Center is a cooperative project of the City, State and U.S. Governments to provide one-call, one-stop information on three levels of government activity.

The Center is part of a system of 37 Federal Information Centers throughout the nation.

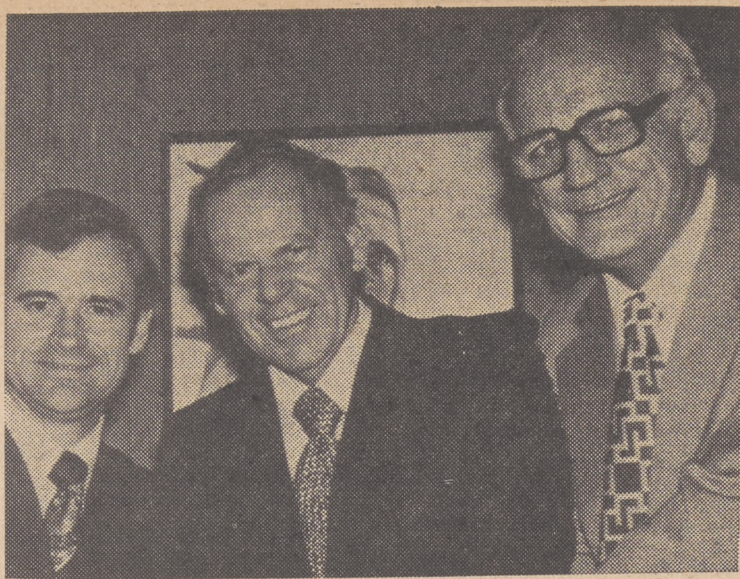

During the past year, the Government Information Center in San Diego answered about 384,000 inquiries concerning government in the San Diego area.

The Center is open daily from 8:30 a.m. to 4:30 p.m. and is staffed by seven information specialists versed in all levels of local and federal governmental activities.

Home Loot Nets \$600

A burglar entered the home of Albert Owen Epperson, 4039 Citradora, Casa de Oro, while he was away on September 6. The thief ransacked the place, leaving with a GE portable color TV set worth \$400 and a watch valued at \$200. Other valuable jewelry had been left untouched.

Entry was made through a bedroom window.

FRIENDS AND SUPPORTERS — Mike Bollman, left, with U.S. Congressman Clair W. Burgener and Chargers Head Coach Tommy Prothro.

Bollman Opens Area Law Office

An east county attorney who ran as the Republican candidate for the 77th Assembly District earlier this year, has opened an east county office.

J. Michael Bollman, who lives on Casselberry Way, near La Mesa, has opened his new office at 2568 Fletcher Parkway, El Cajon.

He will continue his association with the law firm of Smith, Biggins, Bollman and Mogilner at 111 Elm st., in San Diego.

Bollman said he would keep the new office staffed a couple of days a week to accommodate friends and clients in the area.

In his assembly contest, Bollman was strongly supported by Chargers Head Coach Tommy Prothro and U.S. Congressman Clair W. Burgener.

Bollman is active in the United Way/CHAD and Heart

Fund organizations. He is a member of the Hillcrest Lions club and El Cajon Elks Lodge.

Keep Pink Slip Out Of Car, Warns DMV

State Motor Vehicles Director Herman Sillas warns vehicle owners that they might jeopardize their property rights through mishandling of vehicle ownership certificates — the pink slip.

"If you keep your pink slip in the glove compartment you're really giving car thieves a big break," Sillas said. "A thief with a pink slip can sell your car before you even know it's gone."

He advised all vehicle owners to keep their ownership certificates in a safety deposit box or other secure spot.

"For your own protection be sure to contact DMV as soon as the loss of a pink slip has been discovered," Sillas said. "DMV can then immediately begin the process which provides you with a duplicate ownership certificate."

If a pink slip is lost or damaged, applications for a duplicate may be made at DMV field offices for a \$3 fee. Some 244,000 duplicate ownership certificates were issued during a recent 12-month period, according to William Mason, vehicle registration manager at DMV's Sacramento headquarters.

"A duplicate may not solve all of the owner's problems," Mason cautioned, "because the original pink slip may still exist somewhere. Your best protection is to put the certificate in a safe place and never leave it in the vehicle."

Mills Says CalHywyCom Has 'Freeway Fixation'

The California Highway Commission has been charged with "freeway fixation" by State Senator James R. Mills and he urges those with the problem to resign.

The "freeway fixation" complex stems from failure of the commission to prepare a budget that meets the balanced transportation needs of Californians as required by law.

Mills said that he studied the transcript of the commission's recent meeting in Eureka.

"I am greatly concerned," said Mills. "Any commissioner unable to obey the state law and the will of the people should resign."

Tells Commission
Mills, appearing before a commission meeting in Sacramento said, "Californians in 1974 approved overwhelmingly a Constitutional amendment permitting gas taxes to be

Finance Seminar Opens 4th Year

An adult financial seminar, now in its fourth year, opens its winter season Monday night at El Cajon Adult Center, 1035 Madison in El Cajon. Seminars will be held each Monday 7:30 p.m. through January 17.

Gardie Judson, a retired businessman, whose hobby is making money in the stock market and real estate, started the series. The seminars are free to any adults but a \$2 registration fee is required by the Adult Center.

Speakers are paid no fee and there are no solicitations or sales talks.

Speaker at the opening session will be Joel Kaplan, a Beverly Hills man who specializes in investment growth, capital preservation and inflation hedging.

used for financing rail mass transit systems. The Legislature followed the people's mandate by enacting legislation so the Highway Commission can carry out the desires of the California electorate.

"I therefore support Caltrans' proposal for making mass transit funds available to our urban communities."

"It is obvious transportation funds are limited. Clearly, there are significant gaps in our highway system and unsafe roads requiring corrections. Also, additional funds must go to our urban transportation needs."

"To correct this situation I will introduce legislation next year that will provide additional funds for California's transportation system."

EDD Job Placements Increase in Calif.

Employment Development Department's local offices in California made a total of 57,881 job placements in July. This was an increase of 9.2 per cent over the June total of 53,012. And it was an increase of 11.2 per cent over the placements in the same month last year (July 1975), when the total was 52,042.

Since January, the Department's field offices have made 282,100 job placements, compared with 275,862 in the same seven-month period a year ago.

County Plant to Turn Trash into Cash

By Carl Laundrie

Some residents of San Diego County will be contributing regularly to a County facility for the production of a low grade fuel oil and the recovery of glass, aluminum and ferrous metals.

It's doubtful that anyone will complain though, since their contribution will consist of something they need to get rid of — trash!

The County facility is the Resource Recovery Demonstration Plant and construction at the plant is in the final stages.

The plant, a pilot installation, large enough to handle all the solid waste accumulated each week by about 70,000 people, will begin its test year in May of 1977. The project is a joint venture of the County, the Environmental Protection Agency (EPA) and the Occidental Research Corp., a subsidiary of Occidental Petroleum Co.

"After the glass, aluminum and iron are removed from the trash the material is dried and ground to the consistency of dust. It's similar to the material that collects in a vacuum cleaner bag," said Occidental Research spokeswoman Kristine Dinussen.

"The fluff is then heated to 950 degrees F in an oxygen free reactor and the gas produced is condensed to a low grade heating oil. Byproducts of the process, char and water are also drawn off," said Dinussen.

The plant is expected to produce one barrel of oil — 42 gallons — per ton of trash.

"We don't expect the plant to pay for itself, in fact we expect the recovery plant will cost the County more per ton to dispose of the trash this way," said Clarence Kaufman,

of the S.D. County, Dept. of Sanitation and Flood Control.

"But the County also has to deal with the fact that we are fast running out of landfill space. Within the next twenty years the cost per ton to bury our garbage will make a recovery plant like this one look attractive. If the plant is successful," said Kaufman.

How big is the "if"?

According to Kaufman, the processes used to remove the glass, aluminum, iron and produce the oil have already been tested by Occidental. The "if" is in plant operation costs.

"After the demonstration year the County Supervisors may decide that the cost of operating the plant may exceed what the County wants to pay for trash disposal," said Kaufman.

EPA will be closely monitoring the recovery plant, which is located in El Cajon and will serve residents there. The Federal agency will be studying the plant for possible use in other areas of the country. EPA has contributed over \$4 million in Federal funds for construction and operation of the plant for one year.

But the lion's share of the project is being paid by the Occidental Petroleum. It has over \$8 million in the pilot project. The County has committed \$2 million to the project, but most of it is unspent.

"Most of the County's money will be spent during the demonstration year. The County will operate the plant for one year and then evaluate the cost," said Kaufman.

If the demonstration year proves the plant's worth, the County may continue its operation. S.D. Gas and Electric has contracted to buy the oil produced for use in their boilers.

PUC Decides Gas, Electric 'Lifeline' Rate Schedule

With reservations of two commissioners, the Public Utilities Commission recently established quantities of electricity and gas necessary to provide lifeline needs of the average Californian.

The decision details minimum needs of Californians living in single-family residences and multi-unit apartments. It takes into account climatic conditions which cause higher heating requirements in colder areas of the state.

Under the lifeline concept, customers will not face a rate increase above the rates in effect January 1976 until rates for all other classes of customers, collectively, have increased more than 25 per cent.

In major cities of Southern California, lifeline quantities were set at 1,040 kilowatt hours of electricity and 81 therms of gas a month for an average family home. Average is defined as a family of four living in a five-room, 1,000 sq. ft., well insulated single-family home in a modest but reasonably comfortable standard of living.

Local Values
Present monetary values of these quantities for customers living in the San Diego metropolitan area are \$14.71 for gas and \$43.05 for electricity. The breakdown for natural gas is 55 therms for space heating, 20 therms for water heating and six therms for cooking.

The lifeline quantities are regarded as the smallest amounts required to maintain the average family.

While the primary aim of the lifeline concept is to encourage conservation of dwindling energy supplies, Commissioners William Symons, Jr. and Vernon Sturgeon argue that there are long range effects which will make the "lifeline" method "unwise."

"One of the defects of this subsidy scheme is that the consumer's ability to choose what to cut back on to save his money is denied him," they say in a brief filed with the announcement of the rate schedule.

"We also have people in the recycling business interested in the metals and the glass extracted from the trash," said Kaufman.

The glass and metals are extracted in the process of separating the trash to make fuel oil.

EPIC Grateful

Dear Editor:

EPIC would like to thank the community for its support and involvement with our counseling/recreation program throughout the summer.

We feel our youth project has experienced many successes and achievements. There were activities which provided a number of positive and delightful moments for youngsters in our community. Presently, the EPIC Youth Project staff is concentrating a great deal of energy into the fall program. We feel quite confident that our fall program will bring continued successes and achievements.

If you can become involved or provide any type of assistance to the counseling/recreation program, we know it will contribute to the growth of our community.

Those who wish to contact EPIC may call Dottie Pettes at 3319 Buena Vista ave., Lemon Grove, or call 464-3742.

director

1975 Crime Rate Exceeds Estimate

Serious crime in the United States was ten per cent greater in 1975 than in 1974 Attorney General Edward H. Levi has announced.

The final figures for 1975 are contained in the FBI's annual Uniform Crime Reports, released by FBI Director Clarence M. Kelley. Preliminary figures, released earlier, had set the increase for the year at nine percent.

There were an estimated 11,256,600 serious crimes in 1976 compared to 10,253,400 in 1974. As a group, violent crimes, which include murder, forcible rape, robbery, and aggravated assault, increased five per cent in 1975 to a total of 1,026,280 offenses.

Property crimes, which include burglary, larceny-theft, and motor vehicle theft, increased ten per cent in 1975 to a total of 10,230,000 offenses.
